THE TRAINING IN BOLOGNA

Gio.Net the Italian project partner organised the partners' trainers' Learning, Teaching and Training Activity in Bologna from 15 to 19 April 2024.

During 5 days of active participation, we were taught innovative approaches and had the opportunity to integrate them in the educational materials we are developing.

NEXT STEPS:

Based on the training that the partner organisations underwent, plus their academic status and experience, the contents of the Handbook, the Training Course and the Educational Toolkit will be completed.

Stay tuned for further developments!
